The screenshot shows the design tool interface for EZY Invoice 13. A report layout is visible with sections for ColumnHeader, MasterData, Footer, and ReportSummary. A 'Picture' dialog box is open, displaying a circular logo for 'BUSINESS ADVISOR SERVICE CO.' with a green checkmark in the top right corner. The dialog box title is 'Picture' and it shows a 262 x 208 pixel image. The background report layout includes fields for 'Tel', 'Job Code', 'Product ID', 'Description', 'Quantity', 'Unit Price', and 'Amount'. The ReportSummary section contains conditional logic for 'IfComment' and 'FMessageText'. The Footer section includes 'For and on behalf of' and 'Accepted by' fields. The right-hand side of the interface shows a 'Data' pane with various variables and functions, including 'Own Company' details like Name, Tel, Fax, Email, and Website.

This screenshot is similar to the one above but shows a different configuration for the 'Picture' dialog box. The 'Picture' dialog box is still open, but the 'Picture' property in the Properties pane on the left is now set to '(Picture)' instead of 'Picture2'. The 'Height' property is set to 1.00 and the 'Top' property is set to 7.70. The 'Picture' dialog box shows the same circular logo. The report layout and other UI elements are consistent with the previous screenshot, showing the same report sections and data pane.
